

Choose Your Druggist Carefully

A druggist can do more harm or good than most people give him credit for.

There are different qualities in drugs, just as there are in dry goods, and to the outsider all qualities go by the same name.

The difference between pure, high grade drugs, and cheap, inferior drugs of the same name means the difference between getting sick and keeping well. When a doctor writes a prescription he means best quality. When some druggists fill a prescription they think only of big profits.

Choose your druggist carefully.

Balke's

It is Wonderful how they do Sell, but there is a Good Reason for it

They make it so much easier for the woman. No wood to carry in. No ashes to carry out. Lit in less than a minute and extinguished just as quickly. Absolutely safe. Burn common kerosene. No heat in the kitchen. Cool and clean. Cheaper than wood by half. They take and hold and stand quickly. And then they are not like the other Wickless Blue Flame Oil Stoves; they are past the experimental stage. They work this year and they work next year. They have been sold here for five years. There are more Standard Wickless Blue Flame Oil Stoves in use than all other stoves. The Standard costs more than others, but it is the best. We have sold about 50 in the Territory. We keep several styles.

WM. G. BURNS,
Section Director.

A VICTIM OF THE HERD.—W. H. Bonham is reported to have been gored and stamped to death by the Elks last night.

COMB TO STAY.—W. J. Sear and family have arrived here from Boise City, Idaho, and will make Phoenix their permanent home.

SUIT FOR DIVORCE.—Suit for divorce was filed in probate court yesterday by Robert Coats vs. Gussie P. Coats, on the ground of desertion.

DR. HARDY'S ILLNESS.—Dr. J. Hardy is lying at the point of death with hardly a hope of recovery. He is suffering from an ulceration of the stomach which extends to the upper intestine.

A SPECIAL TRAIN.—Messrs. E. B. Gage and W. F. Staunton arrived here yesterday morning from Tombstone, where they went to look after their mining interests, and continued their journey to Congress on a special train which left here about 1 o'clock.

THE OPIUM SMOKERS.—The cases against the Chinamen accused of buying and smoking opium were postponed yesterday by Justice Gray to June 21st. The postponement was made at the request of the defendant's attorney.

WORK RESUMED.—The work of excavating the old ruin east of town has been resumed by the Arizona Antiquarian society, under the supervision of Dr. J. Miller. Nine men were put to work on Monday morning, and interesting things are likely to be discovered at any time now.

ELECTRIC POLES ARRIVING.—Five car loads of poles for the Phoenix Light and Fuel company arrived here yesterday over the S. P. & P. This is the first installment of poles for the power line that will be constructed between Phoenix and the upper crosscut canal.

LAWN SOCIAL.—There will be a lawn social this evening at the residence of Jerry Millay at the east end of Monroe street, held under the auspices of the Epworth League, of the First M. E. church. A short literary and musical programme will be rendered and a generally good time is anticipated.

BIG APRICOTS.—Mr. Charles Stauffer of Tempe sent to the board of trade a fine lot of Royal apricots from the orchard of L. V. Spainhower near Tempe. One apricot measured seven inches in circumference. Another fine lot was brought in by Mr. Geo. F. Kemper, who lives north of Phoenix. Some of each contribution were preserved for show purposes later.

THE PRIDE OF PRESCOTT.—All persons who come from Prescott nowadays first speak of the new Burke hotel. There perhaps never was a hotel that received so much spontaneous praise. Though all visitors admit that Prescott is a wonderful town, they express surprise that it can afford so good a homestead. There is no better advertisement of a town than its hotels. In that case Messrs. Burke and Hickey deserve well of Prescott as valuable advertisers.

BONES ON EXHIBITION.—The bones found by Julius Gosselt while searching for John McCarty, in a cave in the Mogollon mountains, were brought to Phoenix by him and are now on exhibition in the window of L. E. Hewins' office. They are the bones of a man somewhat above medium size and presumably a white man, for the reason that beside them was found a wooden heel, which at one time was fastened to a shoe or boot with three

screws. Two of the screws are still in the wooden heel. It is presumed the owner was a white man, for the reason that an Indian would have worn moccasins, and probably no one but a civilized man would have had the patience, ingenuity and screws necessary in making the heel. The bones are a thigh-bone, one of the upper arm bones, five ribs and a hip-bone. There is another petrified specimen that might have been a section of the branch of a tree, but its shape and appearance suggests that it was the hind leg of a deer or some other small animal, and if so, it includes the knee-joint. Another curiosity, apparently a petrification looks exactly like a chunk of bacon turned to stone.

POLICE COURT.—There was but little doing in police court yesterday. A friend of L. L. Long, whose troubles have been previously related, paid the ransom set upon his freedom and he was released. He will probably make another effort to get out of town. A single bicycle rider was under condemnation and atoned to the offended law. A poor, blind Mexican was arrested for begging and getting drunk on the proceeds. He will probably be sent to friends or taken to the poor farm.

THE MARSHAL'S OFFICE.—Re-scheduling instructions received the day before from the department of Justice, a telegram came yesterday to United States Marshal McCord from Attorney-General Knox informing him that he must at once assume charge of his office. Marshal McCord has accordingly made arrangements to attend the session of the United States court to be held at Prescott. He has appointed French, Reno of Tucson a deputy marshal on the recommendation of prominent and responsible residents of Tucson. There are yet another and a chief deputy to be appointed.

DISTRICT COURT.—The principal matter in district court yesterday was the case of Margaret McKeon vs. C. H. Gray. Another feature of the McDowell water dispute under the title of A. J. Devilles vs. W. T. Marshall and J. H. Miller was begun. The testimony on the part of the plaintiff was put in. The case of J. C. Wasson and J. Ernest Walker was referred to Court Reporter W. N. Tiffany to take testimony. No defense was offered in the case of Thomas S. Neal vs. W. H. Goodman, and the matter was taken under advisement. In the case of Virginia Churchill vs. The Esperanza Mining company the plaintiff took judgment by default.

SERVED BY THE REPUBLICAN.—Night before last Emma Guedler swore out a warrant in Justice Bennett's court against E. P. Noak, charging him with disturbing the peace in the most malicious manner, calling her names which no respectable woman would stand, and employing profanity forbidden by the bible and the laws of Arizona. The writ of arrest was put into the hands of officers, none of whom happened to know Mr. Noak. They went around town standing over him and threatening to arrest him for getting in their way and interfering with the course of justice. He read in The Republican yesterday morning that he was wanted and then came around to the justice's office to find out what the fracas was about.

THE FIRE.—About 12 o'clock yesterday the fire department was summoned to the corner of Fourth avenue and Jackson street, where a small unoccupied frame building was in flames. It made a short hot fire and was beyond salvation by the time the department arrived. The loss was small and no other property was exposed. The property belonged to J. W. Walker. The sounding of the alarm was the first good fair test the Morley automobile release which was put in some time ago. It worked to perfection and all that is needed is a little practice with it by the fire horses. Previously it has been necessary for a fireman to enter the room and release the horses. By this new device they are released by the alarm and are supposed to be found under the harness by the time the firemen can get to them.

If troubled with rheumatism give Chamberlain's Pain-Balm a trial. It will not cost you a cent if it does no good. One application will relieve the pain. It also cures sprains and bruises in one third the time required by any other treatment. Cuts, burns, frost-bites, quinsy, pains in the side and chest, glandular and other swellings are quickly cured by applying it. Every bottle warranted. Price, 25 and 50 cts. Elvey & Hulett.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup. H. J. Strickfaden, editor World-Herald, Fair Haven, Wash. For sale by Elvey & Hulett.
